

Advisor Application For CIS Web Page

CIS has established a web page to aid all farm advisors. By logging in under a single secure password and pin, all herds currently under your care can be accessed. To achieve this, advisors need to complete the details on this form and ask their customers to complete the data transfer permission form.

Either one page per company can be set-up, or a separate page for each representative of your company. If the latter is your preferred option please complete a form for each page required.

ADVISOR DETAILS

Trading Name: _____
